

Food Processing Clean Curtains

Sanitation Through Separation

- ✓ Reduce Process Line Downtime
- ✓ Improve Plant Sanitation
- ✓ Prevent Cross Contamination
Between Processing Lines
- ✓ Turn Sanitation Hours into
Production Hours

Shaver's Clean Curtains are custom made to any dimensions and layout!

Curtains

- Curtains are constructed with a Heavy Duty 40 Mil double polished Clear USDA Grade PVC
- Material is non-porous and sheds water, solutions, and soils easily
- Rolled rimmed stainless steel grommets with spur washer on 12" centers
- Heat-sealed vertical seams prevent trapping of contaminants
- 6" overlap between curtain panels to prevent wash break through

Hardware

- Stainless Steel Track and Trolley Hardware System
- Open Trolley design to prevent bacteria from forming
- 2 Hardware Types available depending on usage (see reverse side)

Standard Stainless Hardware

- 304 Stainless Steel
- 1.25" Diameter Roller Tube
- 0.65 Wall Thickness
- Formed Stainless Steel with Delrin Ball Rollers and Integrated Hook

Mounting
Shaver's stainless hardware can be mounted 2 ways:
Suspend or Angle Suspend.
Please specify when ordering to receive proper brackets.

Suspend Mount

Angle Suspend Mount

Electropolish Upgrade

Shaver's Stainless Steel Hardware comes standard unpolished. An Electropolish upgrade is available.

Standard VS Electropolish

Heavy Duty Stainless Steel Hardware (Upgrade)

- 304 Stainless Steel
- 3.5" Tall Track Flange for ease of installation
- 1-5/8" Diameter Roller Tube
- Delrin Rollers with Stainless Steel Bushings and Stamped Stainless Roller Saddle and Swivel Hook. Heavy Duty Track comes standard polished.

Shaver's also offers non-stainless (galvanized steel) style hardware.

Warranty: Shaver's Enterprises, Inc. warrants all Curtain Wall Systems from failure in normal use due to defects in material or workmanship for a period of FIVE years from date of purchase. A Lifetime warranty on all stainless track & roller hardware. Shaver's Enterprises may elect to repair or replace defective or damaged goods. **Please be Advised:** Shaver's 40 Mil USDA PVC is authorized for indirect food contact without restriction (ref. FDA 21 CFR). It may be safely used for contact with food; however, it may not be used as a food additive, which would be termed "direct". All components used in the manufacture of the material are sanctioned by the U.S. FDA for food applications under Title 21 part 174-182 of the Code of Federal Regulations.
